THE TOP COLLECTION OF ENGINEERED STONES

ABOUT US

The nature brings elements, inspiration and energy to your space, home and your lifestyle.

Meridian Quartz Surface is inspired by the nature, created by natural elements into engineered stone designs. With a variety of colors and textures, Meridian Quartz is made of 93% quartz content with 7% resin and pigments. A special quartz color can be matched that is just as unique as your home.

Meridian Quartz is of the highest quality that is with lifetime warranty, they are durable, stain & scratch resistant, and zero maintenance needed. Each piece of quartz is checked individually by our quality control team to ensure with the highest standard before arrival to our warehouses.

With own manufacturing lines in Asia, we Meridian Quartz are your right partner for distribution and projects. Let's work together to get the higher top of the mountain.
